

Responsible AI Policy

Document ID	POL-AI-001	Type	Policy
Owner	Chief Information Officer, IT & Cyber	Classification	L1 INTERNAL
Version	1.2	Effective	2026-01-15

1. Purpose

This policy sets out Cortex Bank's requirements for Responsible AI. It is owned by the Chief Information Officer in IT & Cyber (ITC) and applies to all staff, contractors and subsidiaries.

2. Regulatory Basis

This policy implements the bank's obligations under EU AI Act (REG-EUAI); GDPR (REG-GDPR).

- EU AI Act: Obligations for high-risk AI systems: risk management, data governance, human oversight, transparency and logging. Credit scoring and recruitment are high-risk uses.
- GDPR: Lawful processing, data minimisation, retention limits and data subject rights.

3. Policy Statements

- No AI system may be used in a high-risk decision without human oversight.
- Credit scoring and recruitment screening are classified as high-risk AI uses.
- Every AI model must be registered in the Cortex AI Platform before use.

4. Key Controls

Compliance with this policy is achieved through the following controls:

Control	Name	Type	Frequency	Owner	Mitigates
CTL-AI-01	AI model inventory	Preventive	Continuous	ITC	RSK-MD
CTL-AI-02	Human oversight of automated decisions	Preventive	Per event	ITC	RSK-MD, RSK-CD
CTL-AI-03	Bias and fairness testing	Detective	Annual	RSK	RSK-MD, RSK-CD
CTL-AI-04	Explainability and customer notice	Preventive	Per event	ITC	RSK-MD, RSK-CD
CTL-DP-01	Data protection impact assessment	Preventive	Per change	LGL	RSK-DP

5. Risks Addressed

Conduct risk (RSK-CD), Data privacy risk (RSK-DP), Model and AI risk (RSK-MD).

6. Implementing Procedures

This policy is implemented by: SOP-CRD-002, SOP-RSK-003, SOP-ITC-003, SOP-HRS-001.
