

Retail Account Opening

Document ID	SOP-RET-001	Type	Standard Operating Procedure
Owner	Head of Retail Banking, Retail Banking	Classification	L1 INTERNAL
Version	3.0	Effective	2021-04-12

1. Purpose and Scope

This procedure describes how Retail Banking performs 'Retail Account Opening'. It implements Customer Due Diligence Policy (POL-KYC-002), Data Privacy Policy (POL-PRV-001).

2. Systems Used

- Clientele CRM (SYS-CRM): Customer relationship management and onboarding workflows.
- Heritage Core (SYS-CORE): Core banking ledger, IBM mainframe (COBOL), in service since 1974 and inherited in part from Harbor Trust.

3. Procedure

Step	Activity	Controls
1	Capture customer details in Clientele CRM and obtain privacy notice acknowledgement.	Data retention enforcement (CTL-DP-02)
2	Verify identity using two independent sources (document scan and electronic check).	Identity verification (CTL-KYC-01)
3	Run sanctions and PEP screening; stop and refer any match to Compliance.	Sanctions and PEP screening (CTL-KYC-02)
4	Assign customer risk rating; high-risk customers follow SOP-CMP-003.	Enhanced due diligence (CTL-KYC-03)
5	Activate the account in Heritage Core only after all checks show 'Passed'.	-

5. Version History

Version	Effective	Change
1.0	1998-06-01	Original procedure (SOP-RET-001-V1), retired 2012-03-01.
3.0	2021-04-12	Current version. Supersedes SOP-RET-001-V1.
